ADAPTATIONS FOR THE COVE CAREER CENTER

We are going into the Fall semester with a new name, The COVE Career Center, for what used to be Career Development and Calling. All events for The COVE, which include Career Cafes, study breaks with employers, grad school nights, Industry Insights, Student Career Ambassador work, and individual appointments with The COVE staff, are moved to virtual or outdoor venues. In a difficult job market, special attention and efforts are being directed towards our seniors to help them launch well from Westmont.
